Colorado: Filing of Plats of Survey

August 17, 1995.

The plats of survey of the following described land are officially filed in the Colorado State Office, Bureau of Land Management, Lakewood, Colorado, effective 10 a.m. on August 17, 1995.

The field notes describing the remonumentation of certain original corner points in Township 5 North, Range 92 West, of the Sixth Principal Meridian, Colorado, as provided for in the Special Instructions, Group No. 750, dated July 16, 1982, "Investigation of Physical Evidence of Corner Positions and Accessories when Needed", was accepted August 4, 1995.

The field notes describing the remonumentation of certain original corner points in Township 9 North, Range 98 West, of the Sixth Principal Meridian, Colorado, as provided for in the Special Instructions, Group No. 750, dated July 16, 1982, "Investigation of Physical Evidence of Corner Positions and Accessories when Needed", was accepted August 4, 1995.

The field notes describing the remonumentation of certain original

corner points in Township 4 North, Range 101 West, of the Sixth Principal Meridian, Colorado, as provided for in the Special Instructions, Group No. 750, dated July 16, 1982, "Investigation of Physical Evidence of Corner Positions and Accessories when Needed", was accepted August 4, 1995.

The plat representing the dependent resurvey of a portion of the east boundary of Township 7 South, Range 89 West (Eleventh Guide Meridian West), portions of the south, east, and north boundaries, portions of the sectional correction line and sectional guide meridian, a portion of the subdivisional lines, a portion of Tract 37, and portions of certain private land claims, and the subdivision of certain sections, Township 7 South, Range 88 West, Sixth Principal Meridian, Group 794, Colorado, was accepted June 30, 1995.

The plat representing metes-and-bounds survey in certain sections and in Tract 49, Township 43 North, Range 10 West, New Mexico Principal Meridian, Group 799, Colorado, was accepted July 21, 1995.

These surveys were executed to meet certain administrative needs of this Bureau.

The plat representing the dependent resurvey of a portion of the north boundary of the Southern Ute Indian Reservation, a portion of the south boundary, the west boundary, a portion of the subdivisional lines, and the survey of the subdivision of certain sections of Township 34 North, Range 13 West, South of the Ute Line, New Mexico Principal Meridian, Group 1024, Colorado, was accepted July 12, 1995.

This survey was executed to meet certain administrative needs of the Southern Ute Indian Reservation and the Bureau of Reclamation.

The plat representing the dependent resurvey of a portion of the west boundary of Township 33 North, Range 13 West, the east boundary of Township 33 North, Range 15 West, and the south boundary of Township 34 North, Range 14 West, and the survey of the subdivisional lines of Township 33 North, Range 14 West, New Mexico Principal Meridian, Group 1029, Colorado, was accepted July 27, 1995.

This survey was executed to meet certain administrative needs of the Ute Mountain Ute Tribe.

The plat representing the dependent resurvey of certain subdivisional lines and the subdivision of sections 23 and 24, in Township 42 North, Range 10 West, of the New Mexico Principal Meridian, Group 1068, Colorado, was accepted July 27, 1995.

This survey was executed to meet certain administrative needs of the U.S. Forest Service.

The plat representing the dependent resurvey of a portion of the east boundary Township 12 North, Range 91 West, a portion of the subdivisional lines, the subdivision of sections 24 and 25, and a Traverse of the center-line of Moffat County Road 101, as constructed in Sections 24 and 25, Township 12 North, Range 91 West, Sixth Principal Meridian, Group 1088, Colorado, was accepted July 28, 1995.

The supplemental plat depicting the correct boundary of lot 13 and eliminating lots 5 and 6 in section 14 and eliminating lot 8 in section 13, Township 1 North, Range 3 West, Ute Principal Meridian, Colorado, was approved July 21, 1995.

The supplemental plat creating lot 20 from cancelled Mineral Survey No. 52B, Plata Verde Mill Site, Township 22 South, Range 72 West, Sixth Principal Meridian, Colorado, was approved July 28, 1995.

These surveys were executed to meet certain administrative needs of this Bureau.

Darryl A. Wilson,

Chief Cadastral Surveyor for Colorado.

BILLING CODE 4310-MR-M

National Park Service**Draft Environmental Impact Statement and General Management Plan for Independence National Historical Park, Pennsylvania**

AGENCY: National Park Service, Interior.

ACTION: Notice of availability of draft environmental impact statement.

SUMMARY: This notice announces the availability of a Draft Environmental Impact Statement (DEIS) and General Management Plan for Independence National Historical Park, Pennsylvania.

DATES: Written comments on the DEIS should be received no later than October 20, 1995.

ADDRESSES: Written comments should be submitted to: Superintendent, Independence National Historical Park, 313 Walnut Street, Philadelphia, PA 19106.

SUPPLEMENTARY INFORMATION:

The DEIS describes and analyzes six alternatives for future management of Independence National Historical Park. Alternative A (the no-action alternative) would minimally meet the requirements of the park's enabling legislation. Some small scale physical actions would be undertaken, but no significant development would occur and no structures would be removed. Alternative B would fulfill the original mission of the park by concentrating on the park's historic sites while the focus

would be on the 1775-1800 period of significance. The park landscape would be used as a commemorative setting for the park resources. Primary interpretation would occur at each site rather than at visitor centers. Alternative C would concentrate on the evolution of democracy. Cooperative ventures would expand the methods and scope of interpretation. A new information and orientation center would be constructed. Alternative D would build on the synergy of the park with historic neighborhoods and cooperating institutions. The National Park Service and the city would work cooperatively to strengthen the perception of the park as a focal point of the Old Philadelphia District. A jointly operated regional visitor center would be constructed. Alternative E (preferred action), similar to Alternative D, would provide space for the National Constitution Center on Independence Mall. Also, under this alternative, no underground parking would be developed. Alternative F is similar to both Alternatives D and E in its emphasis on historical and physical links with the city and region and the use of Independence Mall for arrival and orientation. It differs in the arrangement of development on Independence Mall, the location of the National Constitution Center, and the placement of the Liberty Bell.

Dated: August 16, 1995.

Warren D. Beach,

Associate Field Director, NEFA.

BILLING CODE 4310-70-M

Availability of Final Willowa River 2(a)(ii) Wild and Scenic River Study Report, Oregon

AGENCY: National Park Service, Interior.

ACTION: Publication of final report and recommendation.

SUMMARY: The National Park Service is publishing the final study report on designating the Willowa River, Oregon, into the National Wild and Scenic Rivers System. The National Park Service has found that the lower Willowa River is eligible for the national system and is recommending to Department of the Interior Secretary Bruce Babbitt that the river be designated.

ADDRESSES: Copies of the final report are available from: Dan Haas, National Park Service, 909 First Avenue, Seattle, Washington 98104-1060, telephone (206) 220-4120; and Steve Davis, U.S. Forest Service, Willowa-Whitman National Forest, 1550 Dewey Avenue, Baker City, Oregon 97814, telephone (503) 523-6391.

FOR FURTHER INFORMATION CONTACT: Dan Haas, National Park Service, 909 First Avenue, Seattle, Washington 98104-1060, (206) 220-4120.

SUPPLEMENTARY INFORMATION: On December 29, 1994, Oregon Governor Barbara Roberts petitioned the Secretary of the Interior to add a 10-mile reach of the Willowa River to the National Wild and Scenic Rivers System. The section of river under consideration extends from the confluence of the Willowa and Minam Rivers in the hamlet of Minam (river mile 10.0) downstream to the confluence of the Willowa and Grande Ronde Rivers (river mile 0.0). Under section 2(a)(ii) of the National Wild and Scenic Rivers Act (P.L. 90-542, as amended), the Secretary has the authority to add a river to the national system at the request of a state, provided
